			Insurance Certificates must be provided: - Contractors need Certificates of Insurance listing the City of Batavia as Additional Insured and Certificate Holder - Homeowners do not need to provide anything
			A copy of a IDOT and/or County ROW Permit, if applicable
			Agreement for Non-Standard Pavement or Sidewalk & \$52 recording fee, if applicable. Only applies where *.

CITY OF BATAVIA

RESIDENTIAL DRIVEWAY AND DRIVEWAY APRON- RIGHT-OF-WAY PERMIT APPLICATION

Applicant is responsible to call J.U.L.I.E. to obtain locations of underground utilities prior to excavating.

Please allow a minimum of one (1) week for permit review and issuance of either permit or comments from the date of submittal.

When designing and replacing existing materials please use the details that are attached to this permit application to comply with City standards. In addition there are samples of bonds and certificates of insurance filled out to comply with City requirements. If at any time there are questions regarding any of this information please contact the Building Division. Below is a list of available details:

- Driveway
- Curb
- Sidewalk
- Residential Driveway Approach

Please contact the Building Division at least 48 hours in advance to schedule required inspections. Required inspections include:

- **Curb:**
 - Inspect proof roll of sub-base
 - Inspect stone, rebar and curb thickness
 - Inspect grades of the curb to provide positive drainage
 - Final inspection when restoration is completed
- **Driveway & Driveway Apron:**
 - Confirm required setbacks
 - Inspect width at curb, walk and garage
 - Inspect stone and thickness
 - Final inspection when restoration is completed

NOTE: Not every application will require each inspection. Please contact the Building Division regarding questions about inspections.

Please refer to Title 7 of the Batavia Municipal Code, Chapter 1: Streets and Sidewalks, Section 3: Driveways and Title 11 of the Batavia Municipal Code, Chapter 5: Required Improvements, Section 9: Sidewalks and Driveways for more information.

Please contact the Building Division at least 48 hours in advance to schedule required inspections.

CITY OF BATAVIA

RESIDENTIAL DRIVEWAY AND DRIVEWAY APRON- RIGHT-OF-WAY (ROW) PERMIT APPLICATION

The City of Batavia requires concrete or asphalt for all driveway surfaces. For proposed hard surfaces other than concrete or asphalt, the property owner must submit a Non-Standard Driveway Agreement along with an additional \$47 fee, payable to the City of Batavia to cover fees charged by Kane County for recording of this agreement. If an apron is replaced or constructed with a non-standard material and repairs are required, the City will not replace it in kind. It will be the owners expense to put that non-standard material back in place. Failure to follow the guidelines and City of Batavia Details and Specifications could result in being cited or denied approval until improvements meet requirements. By signing below, I agree to comply with the City of Batavia Code governing residential driveway and driveway apron construction. I further agree to indemnify the City of Batavia and its employees for any loss, liability or damage that may result or accrue from or because of the conduct of the applicant, its employees and/or agents relating to the work covered by the permit.
